

About PrintWow

PrintWow - Brought to you by Cheque Print

OUR COMPANY

Cheque Print Solutions is a full-service cheque provider. We're a smart alternative to banks, especially because our primary focus is customer care.

Proudly Canadian owned and operated since 1999, we have successfully served over 14,000 customers and printed over 80 million cheques. And we're still growing strong with new cheque printing services now being offered in the United States.

Our clients range from large corporations to entrepreneurs who want an affordable cheque printing option. We source only the products and ship straight from our Alberta, Canada, facilities.

We have been providing our customers with additional products, beyond cheques, for as long as the company has been around. We are now marketing our custom print division as PrintWow. We are hoping to become your one-stop shop for all things printed.

OUR PHILOSOPHY

Call us traditional, but we at PrinwWow & Cheque Print are out to alter your expectations. We put real people on the phone, so you can get fast answers and quick orders. To us, every customer is a "preferred customer", and that's exactly how we'll treat you.

We'll fill your order fast, and we'll invest the extra effort to get it right the first time. In the rare event that something goes wrong, we'll do it again at no cost to you.

To us, it's standard customer care. To our clients, it's more than they ever expected. (And to our competitors, it's all a bit of a mystery.)

OUR HISTORY

In 1999, company founder John Kittell took his experience in business printing services and began focusing on laser cheque printing for all accounting applications. From there Cheque Print Solutions Inc. branched out into manual cheques and set out to give local businesses an alternative to the banks for their manual business cheque needs. In addition, we have been providing custom print services to our clients since the beginning.

Then, in 2002, we expanded our product line to include personal cheques. We also captured the attention of a local bank, which engaged us to produce cheques for all their business clients. The company subsequently added another branch of the same bank to our list of financial institutions.

Currently, we have the capabilities to produce top-of-the-line cheques for any financial institution and for anyone who chooses to go straight to the source.

On the PrintWow side, we offer a wide-range of products. Most are printed in-house on our state-of-

the-art equipment and when need be (to save you time and/or money), we will broker your printing to a specialist printer. This gives you the best of both worlds. We can truly be your one-stop shop for all printing!
