## PrintWow Offers Free Shipping\*

Yes! FREE shipping anywhere in Canada.\*

### Instructions

Pick the item(s) you want to order. At the checkout, put in your “ship to” address and that’s it. All of our pricing is upfront and stated on our website. The only extra charge you will pay will be your provincial sales tax. You don’t need any code or anything special to get free shipping, it simply won’t come up on your order!

### Fine Print

\*Shipping is paid for by PrintWow, with a few exceptions. If the customer requests a rush or non-standard delivery, an extra charge may apply. If we have confirmed the address for delivery with the customer and it does not match Canada Post addresses or the customer contacts Purolator to redirect the delivery to a different address, then an additional charge may apply. If your order is going to be shipped outside of Canada, additional charges including shipping fees may apply.

*\*We use Purolator for all orders and therefore we must have a street address to deliver to. We can not deliver to a P.O. Box.*
